The American evangelists who have been holding the great revival in London declare that the success of the mission has exceeded their most sanguine expectations Over a thousand converts, they say, have publicly professed religion and thousands more have privately acknowledged the spirit.

A German expert on gymnastics announces that one need not go to a well-equipped gymnasium in search of a course in health-giving exercises. Deep yawning practiced as a regular exercise is the cheapest and surest road to perfect health. We are still familiar with the theory that systematic deep breathing is an excellent thing for the lungs, and it is on similar grounds that yawning is recommended. The expansion of the breast bones and the stretching of the arms which accompany a whole-hearted yawn, together with the filling of the lungs, form a splendid daily exercise

The boy began on cigarettes;
They made him very pale;
And then he read dime novelettes,
And now he is in jail.

The immense establishment of J. G. Weatherford & Co. is enjoying a well-deferved patronage. Their buyer in the East has added lines until they have a veritable city department store, the staple line of which includes dry goods, notions, ladies' spring and summer dress goods, furnishing goods, shoes in endless variety, clothing and suits made to order, groceries, tinware, plows. "A Noble Outcast" was presented at Alcorn's Opera House on last Friday evening by the Stanford home talent company in such a manner as to reflect great credit upon the excellent training the company had received from their manager, Miss Ella May Saunders Miss VanDeveer easily portrayed the characteristic grace, beauty and warm-heartedness for which Southern dames are and have been so famous. Miss Haselden showed power in her portrayal of human character under such trying circumstances. Miss Mobley's part was done in a most realistic manner. The reading given by Miss Mahony was most artistically done and highly appreciated. The little pianist, Miss Kate Waters, is due the thanks of an appreciative audience for selections rendered as well as for the excellent accompaniments played for the excellent sollst, Mr. Traynor. Col. Lee never seemed more real than Mr. Ballard's personification, and Joe Lynn Coffey's work merits a wider field than that afforded by the local boards. George Florence knows human nature and has the power of presenting it to an audience as he understands it. George Menefee was the right fellow in the right place all the time. Manley Huey manifested a strong nerve and a cold, calculating disposition in his work as policeman. The play was altogether enjoyable and we invite our Stanford friends to come again, but they must remember that the home talent standard is high here at present.

You can rest assured that our Maple Syrup will please your taste. Griddle cakes are twice as palatable with a Maple Syrup that is properly prepared and unadulterated Our Maple Syrup is made from the purest maple sap—many syrups are made by dissolving maple sugar. Syrups made from maple sugar are not the equal of those made direct from sap—the air deteriorates the syrup value when the sap is first made into sugar. If you want the genuine, unadulterated goods, better try ours.

STANFORD, KENTUCKY.

THE INTERIOR JOURNAL

E. C. WALTON

JOHN W. YERKES has at last found an audience that took in his fairy tales. Down in North Carolina the other day he addressed the "Tar Heel Club," a republican organization, which only knows enough to believe everything that a republican tells them. One of the things he told the Tar Heels was that Kentucky is not now nor was it ever democratic. This in the face of the fact that she has with one exception since the war, elected only democratic State officers and when Tilden beat Hayes for the presidency, gave the New York statesman a little the rise of 60,000 majority. But the Tar Heels didn't know any better and of course took it all in. Then again he told the credulous creatures that "socially, intellectually, morally and financially" the republicans took the lead in Kentucky, when he knows and his hearers ought to know if they had known anything, that with honorable exceptions to be sure, the Negroes and the vicious element compose the republican party in this State. Festus said to Paul: "Thou art beside thyself; much learning doth make thee mad." Instead of learning much pampering seems to have made Mr. Yerkes mad, and he can no longer speak forth the "words of truth and soberness." Mr. Yerkes' head, like Gov. Bradley said of his legs, seems to be swelling out of all proportion."

JOHN S. WISE, the degenerate son of a noble Virginia sire, who sold his birthright for a mess of pottage and became a howling republican, says that he is delighted over the prospect of a respectable republican party in the South. Years ago, Wise found his surroundings anything but pleasant in Richmond and left it for the city's good and located in New York, but tries still to harass his native State in every way.

BEFORE leaving for the old world Secretary of State Hay wrote this pathetic paragraph to a Chicago friend: "I need a long, long rest, and I must have it, even at the cost of many ambitions for the work I have under way. I am very tired and not well; the springs of youth are not what they were; some one else must go on with what has been started during my time here."

ACCORDING to statistics higher education of women is not conducive to marriage. Of 1,184 women graduated at Ann Arbor in 30 years only 415 have married. The higher the degree taken the less the proportion of marriage, only 36 of 157 who took the highest degree. We have heard of women having too much sense to marry and this must be the lot.

THE court of appeals has reversed the Harrison circuit court which gave Curtis Jett a death sentence for assassinating Jim Cockrill at Jackson. As Jett is serving a life sentence for assassinating J. B. Marcum, there will be no occasion for hurry for another trial. Jett had already elected to serve his life sentence before accepting the death verdict.

IT'S an ill wind that blows nobody good. Mrs. Chadwick's husband is now getting $100 a week to play his wife's $9,000 organ in a show, whereas he couldn't have gotten that much a year, had his wife not got in jail for a long time for playing frenzied finance too strong.

ONE of the railroads now runs sleeping cars with no upper berths. If this much desired consummation be followed by an increase of the porter's wages so that he wouldn't want a quarter every time he looks at you, the era of delight in travel will have arrived.

THE Delaware Legislature adjourned without electing a U. S. Senator, so there will be a vacancy till the next General Assembly meets. Come to think of it one Senator is enough for Delaware, which isn't so very much larger than Pulaski county, Ky.

LAST week's birth record in Louisville showed 21 less than the death record. This is easily explained since the Post and the Herald have shown the Falls City to be such a wicked one. Self-respecting children decline to be born there.

JOHN D. ROCKEFELLER has just given another million to the University of Chicago, making $12,000,000 in all. And yet this vast sum represents but a small part of the money he has robbed poor people of by exorbitant prices for coal oil.

JOHN BULL may not own the earth as has been said, but a new official publication shows that the British Empire embraces 9,631,000 square miles of territory inhabited by 390,646,000 souls.

A large number of bills were disposed of by the Tennessee Legislature. The bill providing an appropriation of $25,000 per year for the Peabody College for Teachers was passed. What is known as the "Loan Shark" bill was also passed. A bill was introduced providing for a State Board of Entomology and carrying an annual appropriation of $5,000.

Alex Hargis Allowed Bail But James and Elbert Hargis and Ed Callahan Denied. Trial Tuesday.

LEXINGTON, Ky., Mch. 28.—After waiting from Friday till Monday to announce his decision in the application for bail of Judge James Hargis, Senator Alex Hargis, Elbert Hargis and Ed Callahan, charged with complicity in the assassination of Tom Cockrill at Jackson, Judge Parker announced yesterday that he would hold all of the defendants except Senator Hargis without bail and grant him his liberty on putting up security to the amount of $15,000. The decision was a great surprise as bail was confidently expected for all. It is not known how Judge Parker made the distinction, as according to the testimony of murderers and other disreputable witnesses, Senator Hargis is as much guilty as the others. Immediately on the announcement, the ex-Senator made bond with John H. Flood, Gus Straus, Joe Skain and Frank VanDeren security. An immediate trial was asked for by the defense and next Tuesday, April 4, was fixed for the beginning of it. W. P. WALTON.

Col. P. C. Boyle, the Pennsylvania oil expert, after visiting the Kansas and Indian Territory oil fields, declares that oil can be found anywhere between Neodosha, Kansas, and the Gulf of Mexico.

It is not believed that Collector Sam J. Roberts, of the Lexington district, will be supplanted.

Gov. Frazier, of Tennessee, vetoed the bill increasing the salary of the Governor from $4,000 to $5,000 a year.

Mexico's new monetary system will go into effect May 1. The mint will be closed April 16 to the free coinage of silver.

These postmasters have been appointed: Sandall, Pulaski county, David J. Snell; Youngs Creek, Whitley county, John R. Rogers.

Senator-elect Frazier this afternoon resigned the governorship of Tennessee, and Senate Speaker John I. Cox was sworn in as Governor.

It is not thought, however, that Mr. Yerkes' statement that "Kentucky is not a democratic State," was based on personal experience.—Lou. Times.

Furr for $25. Wm. Lawson sold to Burnside 1,300 pounds of tobacco at 5½c. J. C. Clouse, our hustling mule trader, made two trips to Berea last week. Wm. Mrs. Rachel Campbell visited in Berea Friday. Misses Myrtle and Lucy Corminey visited the Misses Maryman Saturday and Sunday. Sunday school begins at Goodhope the first Sunday in April. Let everyone in the community take a part. Misses Maud and Mollie Spainhower have returned from a delightful visit to relatives and friends in Indiana. CRITERION.

You all know what this means when found upon the HANGER of a man's coat. It means as perfect workmanship as man can perform—the cutting of the garment, the sponging of the goods, the fitting of the linings, the padding of the shoulders, the shape retaining front, the graceful set of the collar. Every point and detail is carefully made and I feel safe to-day in saying THE CRITERION CLOTHING for men is excelled by none. We have our Spring stock in all the latest colors and styles from $10 to $17.50.

MASTIC MIXED PAINT

Can't Be Touched

for painting houses. The reason's plain. Mastic is the purest, therefore the most durable and economical. There is a whole string of "other fellows" claiming "just as good as Mastic" but they don't prove it. Maybe they can't. The analysis of Mastic is published. It's made of pure lead, zinc and linseed oil—the most durable kind of paint—and its purity is therefore unquestioned.

As purity means durability, the splendid wearing qualities of Mastic have given it the title of *"The Kind That Lasts,"* and this title is backed up by our absolute guarantee. Mastic is made by

MERCER county has just appropriated $9,125 for repairing and making new turnpikes, and now if she will set aside some $40,000 or $50,000 for the removal of the old pig sty, called by courtesy a court-house, and erect a new one in keeping with the wealth and dignity of the fine old county, the sin of long omission may be forgiven in joy over the delightful prospect.

WHAT'S the matter with Little Britain? A dispatch says that half the suits so far filed for the coming circuit court are for divorce. Instead of thus admitting that marriage is a failure the Danville people who enter the holy state of matrimony should strive to prove that the poet knew what he was talking about when he said:

Marriage, rightly understood
Gives to the tender and the good a paradise below.

ON motion of T. J. Hill, Chief Justice Hobson of the court of appeals, reinstated the injunction, which was dissolved by Judge Hill, restraining the democratic county committee from canvassing the returns of the late democratic primary election. THE Covington Post tells of a wordy war between our old friend, R. G. Williams, and another lawyer of that city which nearly reached the fighting point. Hardly a day passes that there is not some trouble among the lawyers over there. There must be something in the air that comes over from the Paris of America. It seems to have affected Dick, who, when he lived at Mt. Vernon was as mild a mannered man as ever cut a throat or scuttled a ship.

MCKINNEY.—Miss Lucy McKinney, second daughter of Mr. and Mrs. Jas. B. McKinney, of McKinney, died late Saturday afternoon, after a long illness of a complication of troubles and was buried in the Hustonville cemetery Sunday afternoon after services by Dr. Green, of Danville. Her death is an exceedingly sad one coming as it did in a family already sorely afflicted, and the sympathy of the community goes out to the father, who is too ill to realize his loss, the mother whose frailty makes her sojourn on earth a question of short duration, and to the noble sister, who, during all of the sickness, has been a mainstay in the grief-stricken home. May He who doeth all things well send a ray of sunshine and comfort to this good family in their dark hour. Miss McKinney was an excellent young woman and her untimely death causes sorrow wherever she was known. Notwithstanding her feeble physical condition she was happy and bright and the source of great comfort to her parents. That she is better off in the land that is fairer than day there is no doubt and it would be cruel to wish her back to this world of trouble and sorrow. A life so pure as hers finds its reward in the life to come and we feel sure that the sweet spirit of gentle, patient Miss Lucy McKinney now rests with the God Who gave it.

Has storage capacity of 5,000 bushels of wheat; also large corn bins and cribs. Wagon scales operated from office, coal bins and ice house. All under roof. Never failing water in mill lot. Mill is within 100 feet of Cincinnati Southern R. R. track and has private siding. The feed and coal business in connection with mill pays well. No trouble to market all products from mill. Residence is a two-story, six room frame, with cistern on back porch. Milk house at back door connected all comparatively new. Large barn, buggy house in milllot. On account of my failing health and health generally, my physicians have advised me to quit the milling business. For further particulars call on or address Dr. Edw. Alcorn, Hustonville, Ky., or W. KING EAGLE.

King Eagle is 16 hands high, dark bay, goes all the gaits with plenty of speed, style and action, sired by Royal Ring.

1st dam by Eagle Bird; 2nd dam by Red Lion; 3rd dam by Harris' Denmark, he by Miller's Denmark; 4th dam by Jim Bell, thoroughbred.

NOTE.—Royal King was sired by the great On Time and is a brother to the great Silver King and Alix G., the great show mare that sold for $1,000. King Eagle's 2d dam is the dam of Minnie Boy, the great show mare that Matt Cohen won everywhere with in 1903 and a 1d for $500. King Eagle is proving himself a great breeder of fine colored and high styled colts, his colts all having plenty of size; his oldest colts being three-years-old this Spring. There was one of his two-year-olds out last season that proved to be a great show filly.

King Eagle will make the present season of 1905 at my stable, 1½ miles west of Stanford on the Shelby City pike at the low price of $10 to insure a living colt.

Will also stand the great mule and jennet jack, Billy Keene, at $10 for mares and $20 for jennets to insure a living colt. Billy Keene was sired by the great Tom Keene; 1st dam by the imported Palermo; 2d dam by Levi Bubbie's Prince, the sire of Joe Blackburn and Brignolia. Billy Keene stands full 16 hands high, black with white points and as a breeder, he is unsurpassed as a mule or jennet jack. Billy has had several two-year-old jacks to sell lately at $700 and $800.

Will also stand the great young jack, Jim Keene; he is by the great Billy Keene; 1st dam by the imported John Wells; 2d dam by Beecher. Jim Keene is proving himself a great breeder, he having two of his mule colts shown last year, one wearing the blue and the other the red in the same ring Jim Keene will serve mares at $10 to insure a living colt.

Mares traded, parted with or bred elsewhere forfeits the insurance and money becomes due at the time of such transaction. For further particulars call on or address R. T. HARRIS & ROBT. WOODS.

PRESTON 922.

This premium saddle stallion of the world will make the season of 1905 at the stable of J. C. Bailey, on Old Lancaster Street, in Stanford, Ky.

Preston is a brown horse, 13 years old, 15¾ hands high, a perfect model, with great style, action and speed.

Preston was sired by Washington No. 54, he by Cromwell No. 73, 1st dam Belle by Roderick, 2d dam by a Denmark horse.

Preston has shown against and defeated all the great show horses of Kentucky, such as Kentucky Artist, owned by J. T. Crenshaw, of Lexington, Ky., and Montgomery Chief, owned by Ball Bros. Why you should breed to Preston:

1. Because he is the greatest show horse Kentucky ever produced.

2. Because he is siring great show horses, such as Preston Jr., that was sold to Senator Vare for $2,000; Rebecca, that sold at New York Exchange to Geo. Watson for $650; Miss Henrietta, owned by Gay Bros., that won more premiums in saddle and combined rings than any three-year-old out in 1903; a yearling colt sold to J. C. Cravins, of Illinois, for $300.

3. Because he is the only saddle stallion that ever sired a team of harness geldings that sold for $5,000.

4. Because he won the championship of the Louisville Horse Show in 1903, shown by Matt S. Cohen, of Richmond, Ky.

5. Because he has won more money in the show ring than any other saddle stallion in Kentucky.

6. I will be glad to show him to any one at my stable and invite those wishing to breed to a fine saddle stallion to see him before breeding. I will stand him at $15 TO INSURE A LIVING COLT.

Mares grazed at $2 per month. Care taken to prevent accidents but not responsible should any occur.

Duke of Richmond,

Will make the season of 1905 at my farm, one mile South of McKinney, on McKinney & Mt. Salem pike at the low price of

$8.00 to Insure a Living Colt.

Money due when colt is foaled. When mare is traded or sold insurance is forfeited and no cases money is due.

DESCRIPTION AND PEDIGREE.—Five-years-old, dark bay, 16¼ hands high, a fine individual with best of style and action, drives and rides nicely. He was sired by Tom Covington (18992), he by Limber Jim (Standard and registered), 1st dam by General Duke, 2nd dam by Warren Harris' Denmark, 3rd dam by Old Crockett.

NOTE.—Tom Covington is a combined horse with a record of 2:28¾, trial 2:19; his dam was by Kentucky Chief, 3d dam Parmer's Abdallah. General Duke had a record in 1878 of 2:25; he was by Embry's Lexington by Old Lexington. The dam of Embry's Lexington was Bellmyra by Imported Monarch.

At same time and place, I will stand two good mule jacks at $8 TO INSURE LIVING COLTS.

1st. **JIM PORTER** by Cyclone, out of a premium jennet.

2d. **BRIGNOLIA, JR.,** by Old Brignolia. Both these jacks have established reputations. Their colts have been on the market in this county for the past three years, having always brought as many dollars as any Jack's colts in the county, if not more. So you see that you will not make any mistake in breeding to these Jacks.

LANCASTER COURT.—A fairly good crowd was present at Lancaster court yesterday, but business was not very brisk. There was some demand for cattle and the 100 or more on the market sold, some going as high as 4c. Horses and mules were both in active demand and a number changed hands at $100 to $200.

Your attention is called to the description and pedigree of J. K. Baughman's four splendid stallions and jacks. They are as fine a lot as mortal man ever saw and every one is a sire of note. They are richly bred animals and you should not fail to see them before you breed. He stands them all at the low price of $10 to insure.

A Housecleaning Query.

Trouble is coming.

Trouble is headed for your house, armed with mops, brushes, dust rags, bars of soap, pails of scourine: the air is full of the infernal odor of soapsuds, and the guns are loaded to the muzzle with the ammunition of spring housecleaning.

This editorial is written by a MERE MAN. It is necessary to be thus personal to elucidate the point of view.

Why does a woman clean house spring and fall? Isn't the daily and weekly dusting, scrubbing and general discomfort sufficient for all purposes?

It would seem so.

But just about the time the bluebirds come and the pussy willows are at their best, your wife decides that the house must be ripped from center to circumference. If you don't like it you can move. If you do take up your quarters in the barn, you are a flinty-hearted wretch, and don't you forget it. There isn't much that you can do except not to say the things that you think. Later, you may be allowed to beat the carpets, but you can not hope to compete with the hired man at that task, and if you are particularly pleasant you will be allowed to wear out your knees and temper while pulling tacks. If you have never removed tacks from a hardwood floor with the back of a case knife you have not experienced real life, but you are to be congratulated.

But why all this fuss in the closing days of the windy month of March? The home looks fine. There may be a little dust under the lounge, and the wall paper needs a lick or two at the hands of the cleaner, but beyond that, what moots it?

Microbes live in the dust. They bother the human family little until the dust is stirred and scattered. Why not leave well enough alone?

We have in mind a good woman who moved into a new house April 1. The carpenters had left it clean. You could dine off the floors and sup in the cellar without fear of dirt. It was spotless from basement to garret. And the good woman moved in, AND HER FIRST ACT WAS TO CLEAN AN HOUSE.

Why do they do it? We will admit that we are stumped.—Cincinnati Post.

THE WARFIELD.

Trial 2:24. Trotting.

Dark bay stallion, 15.3½ hands; foaled Aug. 1901, bred by Village Farm, East Aurora, New York. Sired by Dare Devil 24878, record 2:09, sire of The Bean Ideal 2:15¾. Son of Mambrino King 1279, sire of Lord Derby Nightingale, Mambrino Chief, Conductor, Lord March, Lady of the Manor, Heir-at-Law, King Charles, Mocking Bird, Mercedes, all with records under 2:08¾.

First dam, Naughty Girl, by Rex Americus 25286, 2nd dam, Duerna, by Mambrino King 1279, 3rd dam, Dorlet, by Nutwood 600, 4th dam, Topsy, by Strathmore, 5th dam, Millard, by Albion, 6th dam, Ned, by Edwin Forest, 7th dam, Lady Turner, by Mambrino Chief.

The Warfield was worked only 90 days last season and showed a 2:24 clip over a bad half mile track. He is sound, good headed, good gaited, good wind, good feet and legs and kind and easy to handle in and out of harness; one that will stand and trot all day.

He will make the present season at Sam M. Owens', near McKinney at $15 to insure a living colt. Mares traded off or bred to another horse forfeits insurance and makes season money due.

Lien retained on colts until season is paid

DIGNITY DARE

No. 1982, Vol. 5, A. S. H. B.

Mahogony bay, black points, white only on left hind foot, 9 years old, 15 3/4 hands high, weighs 1,200 pounds, strong, fat horse, heavy mane and tail, good back, with long, crauey, tapering neck, well set in high-mounted shoulders, a saddle horse head and ear on him; a model under hatter, always wears blue string in model rings, wonderful style in harness, a show horse sure. When one year old wore all honors in his class wherever shown; also the blue tie in sweepstake harness rings at same age. When a 3-year-old he was shown 14 times and wore 13 blue strings; has never been defeated in fancy harness rings; has always been the victor in stallion stake ring, as a breeder, when shown with three or more of his get, for size, style and general conformation, and for all purposes. He is a saddle horse with five distinct gaits, fast line acting racker, good in two walks and a nice jogger, very positive in his trot under saddle and in harness, great all around action, as is required for an up-to-date sire of high priced sale horse for saddle or harness. He is a sure enough harness horse, graceful, stylish and fast. can show eighths in 18½ seconds, a 2:28 gait, with but little handling; did this last fall one year ago, after serving 91 mares in the spring. He is possessed of wonderful nerve and speed enough to get a trotter for track use or gentlemen's roadsters; large, handsome as a dish, heavy and massive enough to get carriage horses with a kindly disposition for all purposes of a family horse. He is the best to stock on, sound, good, fat, useful substance and docility. It has been given up by horsemen that he is one of the most uniform breeders in Kentucky. He types his sire after himself; has never sired a sorrel colt. The most profitable horse for the farmer and small breeder to produce is the horse that suits the widest range of purposes well. His colts are show colts; of the very highest type, blue string winners from the oldest to the youngest.

PEDIGREE.—Sired by Chester Dare 10 N. S. H. Mares traded or removed forfeit insurance and money becomes due and must be paid at time of such transaction. Mares grazed at $2.50 per month and bills to be paid before removal of mares. Grain fed if desired at reasonable rates. Mares entrusted to me will receive my personal attention, but I will not be responsible for accidents or escapes. Phone in residence at Hustonville, Ky.
